

**Ellen,**

## **Feedback from a Graduate Career Client**

### **What did you like about our sessions?**

Informal, friendly advice. I felt I could be myself and give honest answers to your questions, knowing that it was confidential. I also liked that you were positive about everything and that you didn't laugh at my ideas or aspirations.

### **Do you have any ideas or suggestions on how I could improve my communication with you?**

No, everything was just what I hoped for. Thank you.

### **What has been the key learning point for you?**

Discovering the area in which I wanted to work.

### **What action do you intend to take next?**

I have written to and met with several local businesses who have been very helpful. I am currently looking for a foot in the door into the events industry.

### **What might you say to others about this programme?**

Working with you was the best thing I could have done when I finished uni. I didn't have a clue what I wanted to do and now I feel that not only have I found the area in which I want to work, but also I feel that I can succeed.
